**Text:**

Friends are as important as family, we can't live without them. We share our happiness, feelings and problems with them.

I'm Jimmy, I have many friends but Jack is my best friend. He belongs to a great and respectful family. His father is a doctor and his mother is a housewife.

Jack and I have been friends since we were 8, he is 15 years old, he is tall and slim. He has short hair and brown eyes. Jack is cheerful and funny, tells always jokes when we are together. He is so friendly and polite, very helpful and unselfish. He always tries to help people who have problems. He is smart and hardworking, Jack is one of the best students in my class. Whenever we revise together, I get good marks.

In his free time, he enjoys reading books. He always says that the more we read the more we learn, he is fond of playing football and basketball. He loves swimming too. We always go to the beach together in summer vacation.

In the future, he wants to become a great scientist in order to solve problems like pollution. I am really happy and proud to have such good friend.
