

<i>February :2024</i>	<i>Level: 2ASL</i>	<i>Duration : 1h</i>
<u>SECOND TERM ENGLISH TEST</u>		

Read the text carefully then do the following activities
A/Comprehension (7pts)

What is peace? People often say that peace is the opposite of war. However, there are many other ways to define peace. Some people say that peace means more than ‘no war’. Every year many people die in wars, but more people are killed in many other ways. §1

Peace can also be the opposite of hunger because millions of children and poor people die for not having enough food. These people are not fighting in a war but they do not have peace in their life either. §2

Another cause of death for millions of people every year is disease. Many mortal diseases can be prevented by clean water or cured by medicine. Few people die of dysentery in developed countries, but many people in poor countries die of **it** and many other preventable diseases. So peace can also be the opposite of preventable diseases. §3

There are many wars between countries. However, people are also killed by people from their own country. Whenever there are political or religious conflicts, **which** often results in riots, some people get killed. Therefore, peace can be the opposite of lacking freedom in religious beliefs. §4

Adapted from: “Success English”

1-The text is about a. The causes of wars b. The different meanings of peace c. The killer diseases

2-Say whether the following statements are true or false:
